Senior Project Manager (f/m/d) Mergers & Acquisitions
Leading international technology company

For our client – a leading international technology company based in the Rhine Main Area – we are currently looking for a Senior Project Manager (f/m/d) Mergers & Acquisitions.

Responsibilities

- Managing all aspects of transactions including the coordination of all workstreams with internal and external stakeholders

- Conducting thorough business and financial analyses as well as any related documentation

- Identifying and analyzing targets supporting target sourcing, the pipelining management and projects' success tracking

- Coordinating due diligence exercises

- Leading contract negotiations in close cooperation with different departments (e.g. legal and tax)

- Preparation of discussion materials and documentation used to initiate and facilitate Management and Supervisory Board decisions and approvals

- Supporting PMO processes

Candidate Profile

- You successfully completed a university degree in economics, ideally with a focus on finance or accounting

- You gained several years of experience in the field of leading M&A projects, preferably in a comparable position within a corporate environment, investment bank, private equity company or corporate finance department of an audit company

- You feel comfortable to work in an environment with multiple interests where you need to manage various stakeholders and navigate the projects under urgent and sensitive circumstances

- You are capable of successfully handling multiple projects simultaneously and executing them to completion

- You show excellent analytical and project management skills as well as an entrepreneurial mindset paired with strong interpersonal and leadership skills

- You show a confident appearance, high team spirit and excellent English

- Your willingness to travel internationally round off you profile
