

Director (f/m/d) Mergers & Acquisitions DAX 40 company

For our client – a DAX 40 company based in Hesse – we are currently looking for a Director (f/m/d) Mergers & Acquisitions.

Responsibilities

- You will be responsible for planning, coordinating and implementing M&A projects (acquisition and sale processes, joint ventures and strategic investments)
- You will use your expertise to support the divisions and companies of our group at all stages of the M&A process
- You will manage interdisciplinary project groups comprising experts from both the divisions and central functions and external consultants
- Your tasks will include analyzing and evaluating companies and transactions according to quantitative and qualitative criteria
- You will work closely with the Business Development units within the divisions and support Controlling in producing company valuation models (DCF models) and will back the results with other valuation approaches
- You will also organize and manage due diligence processes and will summarize the results
- You will conduct negotiations and will work closely with both the legal department and external legal advisors to create the relevant legal documentation, taking into account the input from all the relevant specialist departments

Candidate Profile

- Degree in business administration with specialization in finance or a university degree in another subject with an additional business qualification (e.g. MBA) and several years of professional experience working in M&A at a company, at a Private Equity firm, in investment banking or in relevant fields within the pharmaceutical, biotechnology or chemical industries
- Experience in project management and ideally in an international environment
- Highly structured working style, analytical mindset, team-oriented and strong communication skills
- Strong organizational skills and ability to cope with pressure
- Reliability, flexibility and willingness to travel on business
