

Director (f/m/d) Strategy & Performance Management Leading pharmaceutical company (DAX 40)

For our client – a leading global pharmaceutical company (DAX 40) based in Hesse – we are looking for a Director (f/m/d) Strategy & Performance Management.

Responsibilities

- Engage in definition and codification of Group strategy for the company
- Define and design strategy processes for the company, develop appropriate formats and instruments, and coordinate the necessary stakeholder groups
- Manage strategic projects in connection with the company's strategy at various business and functional levels
- Collaborate with business units and functional teams to drive strategic projects of high relevance
- Further develop the strategic business performance management system, accompanied by the design and implementation of related processes
- Analysis and preparation of specific information from various business units and market sources and transfer and preparation of information into structured reporting formats, e.g. for the management board or external stakeholders

Requirements

- Successfully completed bachelor or master's degree in business administration, economics, industrial engineering or natural sciences
- Long-term professional experience in the field of strategy development, market intelligence, business insights and performance management (preferably in Corporate Development and/or top management consultancy)
- Knowledge of life science and healthcare sectors with a focus on e.g. generics, medical technology and/or healthcare services will be a plus, ideally paired with an emerging network in the international area
- Familiarity with relevant data sources and business performance KPIs along the healthcare value chain and strong ability to think cross-functionally and to build and maintain professional relationships
- Experience in cooperating with and managing professional interfaces
- Structured way of working and strong analytical skills
- Very good language skills in German and English
